STANLEY HOUSE,

WATER STREET, AUGUSTA, ME.

G. W. RICKER, would respectfully announce to the Traveling Public that he has re-opened the Stanley House, Augusta, and furnished it throughout, with NEW and ELEGANT FURNITURE, and made every arrangement necessary to continuing it as a First Class Hotel.

This is the most centrally located House in the city, being directly opposite the Depot, and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes' walk from the State House.

Business men, or persons traveling for pleasure will find that this House affords every convenience or luxury that can be desired, and the Proprietor is determined to spare no pains to make it in every respect second to none in the State.

Books for all Stages leaving town will be kept at this House.

In connection with the above are good Stables with attentive and careful Hostlers.

THE HATCH HOUSE,

Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted, the entire shell throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests the proprietor hopes to receive a liberal share of patronage.

NATHAN PERRY, Jr.

TO CONSUMERS OF

PICKLES.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present assortment, a fine Jar, an article which we are labelling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are leg lily stamped in the glass, with their exact contents in ounces—thus enabling the consumer to verify their truth.

These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerating prices.

We have made no change in our manner of Greening Pickles, never having resorted to any deleterious means to attain his end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Nitric or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

ANTAGONISTIC

To Prejudice and Empiricism!

OLD DR. CULVERWELL'S

(Member of the Royal College of Surgeons (1807,) Licentiate of the Hall (1815,) and 33 years Medical Reform, &c.)

Radical Regenerator,

FOR SEXUAL WEAKNESS,

In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Vitality, Impotency, and all diseases arising from early indiscretion.

This excellent Remedy, discovered by the world renowned Dr. CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, medical, surgical or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safer, if perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public could not be spared, were its superiority over every medicine hitherto employed for the same purpose not a sure guarantee that its employment by one person would, through recommendation, result in an eventual sale to many.

Dr. CULVERWELL'S valuable and entirely novel plan of treating these diseases is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice.

Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR-REMEDY, and is enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded *by mail*, free of postage, to any part of the country. Address, Messrs. KINGMAN & CO., Druggists and Apothecaries, 168 Grand-St., New York, Sole Agents for the United States and Canada. Nov. 10. d&wly.

LINCOLN'S

WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, (as one of the greatest causes of colds and consumption?) It is a truth if at when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but which is the cure—proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At length a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

GREAT

American and Foreign Office

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St.,

BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered by others, has made arrangements, whereby on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, of an entirely different character from those offered elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ABILITY AND WORTH, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats Specifications, Assignments, and all Papers and Drawings necessary to the procurement of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessary of a journey to Washington to procure a patent, and the usual great delay there, are hereby saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents,*

No. 76 State Street, opposite Kilby St., BOSTON.

At the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had as much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the most talented and accomplished Patent Solicitors the United States ever had, have no hesitation in expressing for others that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

Late Commissioner of Patents.

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office; as a practitioner, he is thoroughly acquainted with the law, and the rules of practice at the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,

Late Commissioner of Patents."

56C,000 Acres Selected

Pine and Farming Land

IN MICHIGAN.

THE SAINT MARY'S FALLS

SHIP CANAL COMPANY

OFFER for sale these Lands, which are principally situated in the lower Peninsula of Michigan, on and in the vicinity of the large streams and rivers, easy of access, and selected under more favorable circumstances than

Any other Western Lands,

We're chosen with particular reference to their location on the streams and the quantity and quality of the pine timber. On this account

For Lumbering Purposes,

They are very desirable and valuable. The streams are large, and capable of floating logs at all seasons of the year, with harbors at their mouths, on the Lake. At many of these points settlements and extensive lumber operations are formed and conducted with uniform success, proving already the most profitable lumber operations in the Union, and having access, by means of Lake navigation, to

CHICAGO, DETROIT,

and the other great Lumber Markets of the country.

Tracts of from 40 to 40,000 acres

will be found at convenient points, affording opportunities for either a small or the most extensive lumbering operations. A large portion of these Lands are among

The Best Farming Lands of the West,

and as they contain enough of the FINEST PINE TIMBER to more than pay for the land, fencing, moderate buildings, and other improvements, offer very superior inducements to farmers seeking a western home.

The Climate is Mild and Equable,

and soil and climate both suited to all the grains, fruits, and produce raised in the most favored portions of the West.

Companies of 10, 15 or 20 Persons,

with their families, will find location just suited to the formation of a settlement, with good water power, and convenient access to neighboring settlements.

TERMS.

One-fifth will be required at the date of sale, and the balance in one, two, three and four years, with interest at six per cent. per annum.

The Company have full and complete descriptions of each tract of their lands, from actual exploration by several different parties, with accurate maps of each township, according to government surveys. These may be seen at the

Land Office of the Company in Detroit, Michigan.

Copies of Maps, field notes, and other information concerning the lands will be furnished, without charge, to those wishing to purchase.

☞ Large Maps of the State, showing the lands of the Company, will be found at public places in most of the principal towns in the Eastern and North-western States.

The Leap from the Main Brucke.

I.

It was past midnight—the lights on the stone bridge which crosses the river Main at Frankfort were still burning, though the footsteps of passengers had died away for some time on its pavement—when a young man approached the bridge from the town with rapid strides. At the same time, another man advanced in years was coming towards him from Sachsenhausen, the well known suburb on the opposite side of the river. The two had not yet met, when the latter turned from his path, and went toward the parapet, with the evident intention of leaping from the bridge into the Main.

The young man followed him quickly, and laid hold of him.

"Sir," said he, "I think you want to drown yourself."

"You think right, sir; but what is that to you?"

"Nothing at all: I was only going to ask you to do me the favor to wait a few moments, and allow me to join you. Let us draw close to each other, and, arm in arm, take the leap together. The idea of making the journey with a perfect stranger who has at once to come for the same purpose, is really rather interesting. Indeed I have not experienced anything so exciting for some time; and I should not have thought that in my last hour, so pleasant an occurrence would happen. Come, sir, for many years I have not made a request to any human being; do not refuse me this one, which must be my last. I assure you I do not remember having ever spent so many words about any request in my life."

Startled, the young man held out his hand; his companion took it, and he then continued with a kind of enthusiasm: "So be it, arm in arm—and now let us be quick about it; it is really charming to feel a human heart near me in these last moments. I do not ask what you are, good or bad—come let us down."

The elder of the two who had at first been in so great a hurry to end his existence in the waters of the river, now restrained the impetuosity of the younger.

"Stop, sir," said he, while his weary eye tried to examine the features of his companion as well as the flickering light of the nearest lamp would allow him—"Stop, sir; you seem to me too young to leave life in this way. I am afraid, you are committing a rash act; for a man of your years, life must have still bright prospects."

"Bright prospects!—in the midst of rottenness and decay, falsehood and deceit, vice and corruption! Come, let us make an end of it."

"And so, young? Your experience must have been very sad to make you consider all creatures which have the human form a brood of serpents."

"Oh, serpents are noble beings compared with men; they follow the impulse of their nature; they are no hypocrites, bearing virtue on their lips and vice in their hearts."

"I pity you from my heart, but there certainly are many exceptions in this miserable world."

"I have found none," said the young man.

"Then it may be a consolation, though a poor one, that you have found one in this room hour. However much men are given to falsehoods, there are very few who lie in the hour of death, will high of eternity. But for me, I have never told a falsehood in my life, and I would not for anything in the world enter upon the dark road with a lie upon my lips; and therefore, when I tell you I am not a villain, as you seem to think me, but an honest and upright man, I am telling you the simple unvarnished truth."

"Indeed! that is interesting. And so I must meet the only honest man I ever saw in the world, when I am on the point of leaving it, and in his own company!"

"Let me go alone, and do you remain here. Believe me, there are many good and honest people who could render life charming for you. Seek them and you are sure to find them."

"Well, the first one I have found already.—But if Ko presents itself to you in hues so bright, I am surprised you should wish to leave it."

"Oh, I am only a poor old sickly man, unable to earn anything, and who can endure no longer that his only child, an angel of a daughter, should work day and night to maintain him, and even sometimes to procure him luxuries. No, sir, to allow this longer, I must be a tyrant, a barbarian."

"What, sir!" exclaimed the other, almost terrified, "you have an only daughter sacrificing herself for your sake?"

"And with what patience, what sweetness what love, what perseverance! See her sinking under her to all deprivations, and not a word of complaint escapes from her pallid lips. She works and starves, and still has always a word of love, an affectionate smile for her father."

"Sir, and you want to commit suicide! Are you mad?"

"Dare I murder that angel? The thought pierces my heart like a dagger," said the old man sobbing.

"Sir, you must have a bottle of wine with me; I see a tavern open yonder. Come, you must tell me your history; and if you have no objections, I will then tell you mine. But this much I must say at once—there is no beckoning for you to leap into the river. I am a rich, a very rich man; and if things really are as you represent, your daughter will no longer have to work, and you shall not starve."

The old man allowed himself to be dragged along by his companion. In a few minutes they were seated at a table in the tavern, with full glasses before them, and each examining curiously the features of the other.

Refreshed and comforted by the effects of wine, the old man began thus:—

"My history is soon told. I am a mercantile man; but fortune never favored me. I had no money myself, and I loved and married a poor girl. I could never begin business on my own account. I took a situation as book-keeper, which I held until I became useless from age, and younger hands were preferred to me. Thus my circumstances were always circumscribed, but my domestic happiness was complete. My wife was an angel of love, kindness, and fondness, good and pious, active and affectionate; and my daughter is the true image of her mother. But age and illness have brought me to the last extremity; and my conscience revolts against the idea of the heartless world sacrificing her life for an old useless fellow. I cannot have much longer to live; and I hope the Lord will pardon me, for cutting off a few days or weeks from my life, in order to preserve or prolong that of my dear Bertha."

"You are a fortunate man, my friend," exclaimed the young man; "I have never seen a more fortunate one. What you call your misfortune is sheer happiness, and can be cured at once. To-morrow I will make my will, and you shall be the heir of all my possessions; and to-morrow night I will take the leap from the Main Brucke alone. But before I leave this

BANGOR DAILY WHIG AND COURIER.

world I must see your Bertha, for I am anxious to look upon one who is worthy the name of a human being."

"What, sir, what can have made you so unhappy at this early age?" said the old man moved with compassion.

"I believe it was my father's wealth; I am the only son of one of the richest Bankers of Frankfort; when I meet or my name you will be at once convinced of the truth of my assertion. My father died five years ago, and left me the heir of an immense fortune. From that moment, every one who has come in contact with me has endeavored to deceive and defraud me. I was a child in innocence, trusting and confiding; my education had not been neglected, and I preserved my mother's loving heart. I endeavored to associate myself in a union of love and friendship with good and generous people, but I found only hypocrites, impostors, who pretend friendship for no other purpose than to partake of my wealth and enjoy themselves at my expense. My friends or rather the villains I mistook for friends, and to whom I opened my heart, betrayed me, and then laughed at my simplicity; but in time I gathered experience, and my heart was filled with distrust. I was betrothed to a rich heiress, possessed of all fashionable accomplishments; I adored her with enthusiasm; her love, I thought, would repay me for every disappointment. But I soon saw that she was nothing more than a proud fool, who wished to make me her slave, and yoke all men besides to her triumphal chariot. I broke off the engagement, and selected a poor but charming girl—a sweet innocent being as I thought, who would be my life's own angel. Alas! I found her one day bidding adieu, with tears and kisses to a youth whom she loved; she had accepted me for my wealth only. My peace of mind vanished; I sought diversion in travel; everywhere I found the same hollowness, the same treachery, the same misery. In short, I became disgusted with life, and resolved to put an end this night to the miserable farce."

"Unfortunate young man," said the other with tears of sympathy, "how deeply I pity you. I confess I have been more fortunate than you. I possessed a wife and daughter, who came forth pure and immaculate from the hand of the Creator. The one has returned to Him in the whiteness of her soul, and so will the other."

(Concluded to-morrow.)

The Leasing of the Penobscot & Kennebec Railroad.

From a full report in the Portland Advertiser of the proceedings at the Stockholders' meeting at Kendall's Mills, on Tuesday last, we take the following. We have already given a summary of the votes taken and other business transacted. It should be understood that the Advertiser appears not to think favorably of the new arrangement. We have but little to say upon this point at present. It is undoubtedly true that the Bangor stockholders would have much preferred to keep the management of the road in the hands of their own Company; but the course adopted, appeared to a majority of them, the only feasible course to meet their obligations and avoid an entire loss of the road and its franchises. The arrangement has been entered into, and it is not best to apprehend in advance any improper management on the part of the Androscoggin & Kennebec Company, or any disadvantageous effects upon the interests of the Penobscot & Kennebec Company, or of the City of Bangor.

We copy from the Advertiser's report:

The lease consists of some ten principal conditions, the substance of which is as follows:

1st. The P. & K. R. R. company agree to let and lease their road, depot, grounds and lands appertaining thereto, locomotive engines cars and other equipments to the A. & K. company, their successors and assigns for the term of twenty years from the 1st of December next, to have and hold the same and exercise all the rights and powers conferred upon the P. & K. company by their charter and the laws of the State of Maine. That the lessees should not underlet the road to other parties not owning or controlling the A. & K. road.

2d. That the P. & K. company should furnish at their own expense and deliver at the city of Bangor 60 tons of good rails to take the place of such as are now defective and unsuitable to remain in the track of the said road.

3d. The A. & K. company agree to operate and maintain the road of the P. & K. company thus leased under and according to the charter of the last named company, during the said term, and to fulfil to the public all the duties required; and said first named company shall make all necessary repairs in order to maintain the said road, its buildings and equipments in a safe and serviceable condition.

4th. The A. & K. company shall cause accurate accounts of the passenger and other traffic over all points of the road, between Danville Junction and Bangor to be kept so as to exhibit from time to time the nature and amount of the traffic to and from the stations on the road. That they shall also keep an account of the expenses of running said road, &c., open at all times to the inspection of the Directors of the P. & K. company as well as of maintaining the same in suitable repair and all other expenses incidental to conducting the business of said line of railroad.

5th. After paying all the expenses incurred in running the road and keeping the buildings, &c., in repair, three-sevenths parts of the remainder of the nett receipts shall be paid monthly to the P. & K. company, and that the balance (four-sevenths) shall go to the A. & K. company.

6th. Should the A. & K. company fail to pay to the P. & K. company the stipulated amount as per condition for 30 days after it becomes due, the P. & K. company may take immediate possession of their road and operate the same till the amount is paid.

7th. In case of any accident or casualty, such as the destruction of an important bridge preventing the operation of the road for 10 days or more, then during such period the payment to be made to said P. & K. company shall cease or be suspended in whole or in part as shall be found to be just and equitable between the parties.

8th. The P & K company shall bind themselves to pay the bonds of the city of Bangor issued in aid of said road, together with the interest warrants thereon, so as to preserve the railroad franchise and equipments rightly in the possession of said lessees; that they should also pay all other liabilities for depot grounds, lands, &c. &c. so as to vest and keep the title in the same to the said company, and should the P. & K. company fail to pay any liabilities such as aforesaid, or should the P. & K company fail to pay any of the liabilities whereby the right of the lessees to possess the property would be endangered, then the A. & K. company are authorized to provide for the payment of said liabilities before they shall become due, and to pay the same so as to preserve the title to any such real estate in the P. & K. company, and to preserve all the rights of the lessees; and, having so paid these liabilities, they may retain the same out of the payment of the monthly amount as aforesaid.

9th. That either corporation, believing the terms of the lease to be inequitable, may require a revision of the agreement so far as related to these monthly payments, at any time within 30 days of the time of holding the annual meeting, and a suitable division shall be made if the parties can agree to the same. If not then the matter is to be decided by referees chosen as usual in such cases, and the decision of such referees shall be binding for at least one year; and generally it is understood that any disagreement shall be settled in like manner.

10th. This contract shall take effect on the 1st day of December next and continue in force for twenty years, provided it shall be ratified by the stockholders at the meetings held for that purpose.

Mr. T. A. White of Bangor, supposed it would be futile for any objection to be made to the programme of proceedings which had been arranged, as he understood, for the past year, and which was now before the stockholders for confirmation. As he understood the matter, also, he believed that arrangements had been made to place the great majority of the stock to be represented by proxy in the hands of gentlemen who now controlled the road; consequently those who were opposed to this movement would appear to disadvantage. He himself, would object to the proposition, on the ground that it gave an unjust proportion of the nett earnings of the road to the A. & K. company. The P. & K company had now a good, clean, new road just completed and commenced its operations. They had no road competing with it, while in the case of the A. & K. road there was successful competition drawing off continually from its earnings. He noticed the statement which had been read to the meeting tending to show that this was going to be a good operation; but it was very much like presenting a salve to a man about to be guillotined, assuring him that it would make the operation of the knife more easy. The P. & K road had just commenced its earnings, and they were perhaps small. It was well known that the earnings of the A. & K. road were also small at first, but they had increased gradually, slowly and surely. That that was the fact no one would dispute, although it was not an argument to be produced in favor of the management of the road one way or another. He had no charges to make in regard to the management but it was a fact that the profits of the road had increased, and it was deduced from that that the profits of the P. & K. road would increase in like ratio. That road was now only in its infancy—they were not fully organized. This might be shown by the difficulties attendant on the transportation of freight. Not unfrequently he had to send freight from Lewiston to Portland to go by boat, because under present arrangements it was frequently delayed for three or four days.

The basis of the proposed division as he understood it, was the past receipts of the roads. This was not a just basis, because the receipts of the P. & K. road would increase in a vastly larger proportion than those of the A. & K. road.

The conditions of the lease were well known to him, and he believed to most of the stockholders. He had paid his money under assurances that certain things should be done which had not been done; his money had been wrongfully taken from him, and he felt, not only for himself but for the citizens of Bangor to see that the matter was conducted in a fair and judicious manner.

They were told that this road would be built for ten or eleven hundred thousand dollars. When the stockholders subscribed to the stock, they were told that they should receive interest from the date of their subscription. Instead of the road being built for this sum it had cost six or seven hundred thousand dollars—making a difference of more than half a million. All this had slipped through their fingers, and here they were laboring along, not knowing where they were going or whether they had property or not; and yet they were asked to go into this arrangement because gentlemen did not know what else to do. They had been deceived in the whole course of this operation to the present time, and this being a confessed fact, it became them to look at this lease in connection with this fact, and then to adopt such a course as might appear to be just and equitable. He deemed the proposal to be unwise and imprudent, and consequently he hoped it would not be adopted; but that some action would be taken by a majority of the stockholders to have an adjournment so that they might have an opportunity of carefully looking into the matter, and of adopting such a course as might appear to be desirable in the premises.

Dr. Benson, of Bangor, desired to have some reasons offered why this plan should be adopted, and he expected to hear these reasons in detail from the Directors. If the reasons appeared obvious and good, he would submit to them.

The President. The Directors have made a report submitting their reasons, and the lease has been read. Perhaps it might not be satisfactory to every one. That was a degree of unanimity scarcely to be expected.

Mr. Muzzy of Bangor. It seems to me that the first question should be to know how we are to dispose of the floating debt. Very likely the Directors may fully understand this matter, but I want to know what assurance we are to have that we are to be extricated from this difficulty. Suppose you make this contract with the lease, how are we to get rid of the debt?

The President. The Directors propose that Franklin Muzzy and others should come forward and take the stock bonds, and thus enable the company to get rid of the debt.

Mr. Muzzy. But suppose that Franklin Muzzy should say that he has suffered enough already; and that others should say the same thing. How then?

The President. Then Franklin Muzzy and others will say that they have paid enough; and acting upon that belief and refusing to pay any more, they will have to let the road go, and lose what they have already paid, besides being *compelled* to pay a little more.

Mr. Muzzy. And suppose I do answer as I have said, how are we to be extricated from our difficulties? We make a lease to be sure; but the first and most important question is "How are we to get rid of our embarrassments?"

The President. If thou canst point out how the stockholders can be relieved *without* the lease, I may be able to point out how it can be done *with* it. (Laughter.)

Mr. Muzzy. We have chosen Directors to superintend our business; they have called us together, as I take it, with a view of giving us information; and I do not think it comes with a very good grace for them to ask us, what we are to do to get rid of this debt.

The President. I think it comes with a very good grace indeed, for it is not the Directors but the *stockholders* that are to act. And I can tell thee what thou shouldst do. Let the stockholders buy the bonds or the stock, and pay over the money, and then the Directors will pay the company's debts. But if the stockholders suppose that the Directors are to be cramped down by saying "You *must* pay, we have suffered enough—we have been victimized enough," I would ask him "Have not the Directors been victimized, and are they to pay the money?" It ill becomes the stockholders to complain, when the Directors become liable for sixty thousand dollars. Is not that enough?"

Mr. Muzzy. I did not come here to charge the Directors, but I did certainly suppose that the Directors would be able to afford us some information.

Mr. L. Cutler said he wanted to hear the matter discussed so that stockholders might see what was the actual condition of things. He supposed from what he had learned, that the financial condition of the road was such that it was difficult to move at all; that the whole indebtedness of the road was some $390,000; that about $170,000 of the Bangor city bonds was pledged as collateral security for a portion of this indebtedness. These bonds could not be touched. They had on hand second mortgage bonds, but when they offered these bonds to parties, they would ask, "Can you show us that your road earns enough to pay the interest upon the bonds if we buy them?" As honest men they could not answer in the affirmative; and consequently the Directors had endorsed notes to the amount of sixty or seventy thousand dollars. They could not carry this load always; they had nothing that they could turn into money for the payment of these notes, and they were obliged to carry the load upon their own shoulders. A proposition was made to issue stock-bonds; but the stockholders very naturally said, "If you cannot pay the interest on the original stock, how are you going to pay me the interest when my stock is doubled? How am I to get the interest on $200 if you cannot pay me the interest on $100?"

Now it was always supposed from the very beginning, that these two roads would be consolidated, although it was thought more expedient in the first instance to obtain two separate charters. Objection had been made to the lease on the ground of alleged difficulty in regard to transportation of freight. That was one great argument in favor of consolidation. The object of the lease was to consolidate the roads. When the Directors got together and looked over the terms and conditions of the lease, they took the actual earnings of the A. & K. road, estimated the earnings of the P. & K. road, and they found that conjointly, those earnings would be enough to pay the interest of the indebtedness of both roads; whereas the earnings of the P. & K. road were not enough to pay the interest on the indebtedness of that road; but for the purpose of keeping this road afloat, and making it a *live* road, they would divide in such a way as would give them money enough to pay their interest.

A Stockholder—How very magnanimous!

Mr. Cutler. I can see an immediate benefit to be gained if this lease is completed. Then the Directors can go out and say "gentlemen we want you to buy these bonds." And if they ask "How are you going to pay the interest on them?" we answer that we have an annual income of $75,000 to pay the interest. Now, if this can be shown, we can sell the bonds, and not without it; they cannot be sold along the line of the road; they cannot be put into the general market or at a distance. If we are enabled to sell a portion of these second and third mortgage bonds, we can lift the Bangor city bonds which can be put into market and the money raised upon them to relieve the debt at once.

I have nothing to say either for or against the management which has resulted in so large a cost. God knows it was very more than ever I expected it would be; but here we are; and the question is, "How are we to get out of the difficulty." I can not see any way except by the adoption of the project before us. If any gentleman can point out a better one, I will agree to it. I feel that this mode will protect the creditors of the road, will make their debts safe, will prevent further sacrifices, and save the road from falling entirely into the hands of the bondholders. Without this or some other mode equally effective, nothing can prevent the road from going into the hands of the bondholders, and where then are the stockholders? I shall be glad if the Directors will give us all the light they are in possession of. I have no wish that any man should be called upon to act in the dark.

In regard to the financial difficulties of the company, a committee was appointed to consider the matter, and they recommended that the course prescribed by the stockholders at their annual meeting, be still adhered to and adopted.

The report was accepted, and about $40,000 of the stock bonds were subscribed for.

Alleged Destruction of a Slaver—Search for Treasure.

A short time ago, a middle-aged Spaniard, named Joaquin Negret, called upon a well known cigar dealer of the city, named Do Mena, and stated that he had been within a short time in command of a slaver vessel; that he had destroyed his vessel in the vicinity of Cape Cod, and had proceeded in his boat to a secluded cove (Pickering's) at South Salem, where he had sunk casks of specie to the amount of about $90,000, and then landed.

He asked for aid to recover this treasure, and his story was so plausible that an expedition, perfect in every respect, was organized in this city, and accompanied, it is said, by a Boston police officer, proceeded to the spot pointed out.

They raked the bottom in every direction but no kegs were found, or any trace of a lost treasure, and to the disappointed inquiries of the searchers, Negret simply remarked that somebody had been there before them.

Inquiries were now made as to the name of this unknown Spaniard. It was known that, Henrico De Costa, who had been indicted for fitting out the brig Braman, formerly of Salem, as a slave dealer, had recently escaped from New York, and some said that the unknown one was the fugitive.

Upon this he was arrested and taken to Salem where U. S. Marshal Freeman claimed him and brought him to this city. He was here charged with being concerned in the slave trade, and was bailed by De Mena in the sum of $5000, who afterwards, however, gave him up to the officers.

Negret then turned round and charged De Mena with being his accomplice in the slave trade, upon which a warrant was issued, he was arrested and taken before U. S. Commissioner Woodbury, who held him in the sum of $10,000 for examination on Monday next. Some of our leading merchants immediately became bail for De Mena, and he was set at liberty.—*Traveller.*

People generally discredit the story told by Negret.

Accident.—Orren Clark, 18 years of age, son of Eben Clark of this town accidentally shot himself on Saturday last, going over a log with a gun in his hand, loaded with powder and shot. The charge entered the right side; physicians were called, but nothing could be done for him. No hopes are entertained for his recovery.—*North Anson Advocate.*

New Counterfeit.—Merchants' Bank of Salem, Mass., fives, photographs—finely done. Parties handling money should be on the lookout for this note, as it may be considered a dangerous counterfeit. There are also counterfeit 3's on the Mechanics' Bank, Burlington, altered—eagle and shield on upper left corner—portrait of Washington on right centre.

The President's Message. A despatch of Friday stated that the Message would be forwarded in advance to Northern cities," to be delivered to the press when the reading commences at Washington, to-day. This arrangement, fully carried out, would have enabled us to lay the document before our readers as early at least as to-morrow (Tuesday) morning. But no copies were received here, up to last evening. The civilities of the administration appear not to have been extended through to reach Bangor, although she is not the least important of Northern cities, and is in direct railroad communication with the rest of mankind. The discrimination against us, if intentional, is neither just nor courteous towards the people or the press of this city. We shall not probably be able to issue the Message before Wednesday or Thursday.

First Snow-Storm. A smart snow storm from NE commenced here Saturday afternoon, but held up during the night, after depositing four or five inches of snow. Some sleighs out yesterday, but the weather was too blustering for comfort.

The ice and "sludge" in the river stops at slack water; and should the weather continue as cold as yesterday, navigation will probably close at once. Eight or ten vessels only remained in port yesterday forenoon. Some were to be taken down by steam tugs and some to lay up here for the winter. The st. Sanford was to leave yesterday afternoon, and from Frankfort at 10 this morning.

Our lumber dealers have got their stock pretty well cleared out.

Somerset & Kennebec Railroad. The first train to Skowhegan went over the road on Thanksgiving day; and it is expected that trains will run regularly to and from that point within a week or ten days. The charter of this company permits them to build their road as far up as Carritunk Falls, but it is not probable that any material extension northward will be effected for some years. A road from Skowhegan to Anson in a northwest direction has been talked of, but there are difficulties in the way, and a counter proposition was made a year or two ago, to connect the Anson region with the Androscoggin & Kennebec road at West Waterville.

California for Buchanan. It will be seen by the California news, per steamship Illinois, that California has gone for Buchanan, as generally expected. The Republicans have made a good fight in many sections, considering that the party was just organized there for the first time.

Gen. Cass to be Secretary of State. The New York Tribune learns upon good authority that Gen. Cass has been offered and has accepted the premiership under Mr Buchanan. It expresses surprise that Mr. Buchanan could make so injudicious an appointment.

Fire at Hampden. On the 15th ult., the house of William Cross, near Hampden Lower Corner, together with the barn and woodshed attached, were entirely consumed by fire with all their contents. The fire was caused by a little child *playing with matches*, as is supposed. The loss is a severe one for Mr. C. who is a poor man, and had no insurance. Value of the buildings $1000 or $1200.

Vessel Burned. Brig Pamalo, Haskell of Deer Isle, from New Haven for Porto Rico, was burned to the water's edge, 2d ult. while at anchor near Gardiner's Point, L. I. A few sails only saved. Remains of hull to be sold at auction, 20th. Vessel was valued at $4000; only partial insurance.

The Mercantile Course opens on Thursday evening, with a lecture by Dr Geo W. Bethune, of Brooklyn, N. Y.

It is expected that Hon. Thomas H. Benton will lecture in this course next week.

Shipbuilding in Brewer. Isaac Dunning, has a vessel now on the stocks, of which the frame is up and the work on it is progressing finely. She is to be between two and three hundred tons burthen. Mr. H. Wing has under way a vessel of about 200 tons. Her frame is nearly up. John Holyoke has laid the keel of a schooner of about 125 tons burthen.

Arctic Weather. Dr. Kane tells us that at the winter quarters of the Advance, in Rensselaer Bay, in 1854, in latitude 78,40, the thermometers ranged, on the 5th of February from 60 to 75 below zero. At these temperatures chloric ether became solid. The sea-water beneath the ice was at 29 above zero. In their winter quarters the men endured the extreme cold without very severe suffering; but in one of the sledge expeditions a whole party came near perishing, and Dr. Kane himself arrived back at the brig in a delirious condition. He tells us, nevertheless, of one of his men who so inured himself to the low temperature, that he could sleep safely out of doors, without any other covering than his walking-suit, when the mercury stood at 30 below zero.

A Lie on a Mistake. The Belfast (Me.) Journal of a late date says;

"The California papers come to us with the name of Herbert, the murderer of Keating, at the head of the Know Nothing electoral ticket. We make this announcement as truthfully and frankly as we told the Irish we thought Herbert a Democrat. He is no Democrat; he does not support Mr. Buchanan; he would not vote with the Democratic party in Maine next Monday."

This will be news to the politicians of California, and its barefacedness shows how unscrupulous political editors can some times be.—*Alta California, Oct. 9th.*

The same bold-faced lie was repeated by the Bangor Journal, Bangor Democrat and most of the other hunker papers, before our State election.

By a presentment of the Grand Jury, in New York, many gross frauds, perpetrated by the Buchaneers in the late election are brought to light. One box, it is said, was "stuffed" with an excess of over two hundred democratic ballots, and an inspector urged the clerk to make false returns to conceal the fraud. Others were repeatedly driven from the polls and at one poll a legally elected inspector was forced from his station by the police.—*News.*

Thanks to Bryant's Express for papers in advance of the mail.

SPECIAL NOTICES.

$2 per square for three insertions—$1 a week for continuance.

Mercantile Lectures.

The first Lecture of the Course will be delivered at Norombega Hall, on THURSDAY EVENING next, December 4th, by the Rev. GEO. W. BETHUNE, D.D., of New York.

Tickets at the Bookstores and the Door. $1,00 for the Course,—single 25 cts.

Doors open at 7, lecture commences at 8 o'clock.

Holloway's Ointment and Pills, certain cure for Wounds and Ulcers. Thomas Thompson, of Batavia, N. Y., was afflicted all over his body with running ulcers, his life at last became quite a burden to him, as he was a trouble to himself and an annoyance to his friends. In the hope of obtaining relief to his sufferings, he consulted several physicians and surgeons, but his case seemed so desperate that it was considered hopeless. At this stage he had recourse to Holloway's Ointment and Pills, and by persevering with these remedies ten weeks, he was completely cured, and now enjoys the best of health.

Boston Special Notices.

Brown's Bronchial Troches.

"We have found them of great service in allaying Bronchial Irritation, and in subduing Hoarseness produced by colds, and do our clerical brethren a real favor in calling their attention to them."—*Zion's Herald.*

"We commend them to the attention of *Public Speakers* and *Singers*, for clearing and strengthening the voice, and others who are troubled with affections of the throat."—*Christian Watchman.* "We cheerfully bear testimony from personal knowledge, to their efficiency."—*Ballou's Pictorial.* "As a preventive or remedial agent we know nothing of such wonderful efficacy as Brown's Bronchial Troches or Lozenges, which come as messengers of peace to the Cough, and relief to the afflicted who suffer from Bronchitis, Asthma, and all affections of the Lungs."—*Intelligencer.* "They are a simple and elegant form for administering, in combination, several medicinal substances, held in general esteem among physicians in the treatment of Bronchial affections."—*Dr. Bigelow.*

JOHN I. BROWN & SON, Boston.

Sold by all Druggists.

Englishmen, Scotchmen, Irishmen,

Would it gladden your eyes and refresh your hearts to receive regularly one of your own country papers by mail—say the London Punch, Illustrated London News, Weekly Dispatch, Bell's Life, Freeman's Journal, Weekly Times, Sterling Journal, &c. If so, you can receive either of the above, or any other newspaper published in England, Ireland or Scotland, by enclosing $ or upwards to A. WILLIAMS & CO., Booksellers, 100 Washington St., Boston—who receive regularly, by every steamer full supplies of the above, and receive subscriptions for any foreign newspaper or magazine. A. W. & Co. are agents for Hunt's Merchants' Magazine, Knickerbocker, Gody's Lady's Book, Putnam's Monthly, Blackwood's Retrospect, Lancet, Medical Times, Living Age, and all the American Magazines, and receive subscriptions for the same at the lowest rates. Clubs Literary Institutions and Colleges supplied, at a discount. Agents and the Trade supplied with books and newspapers at wholesale at publishers' prices. Mr. W. was for 14 years a member of the firm of Redding & Co., Boston, and will give his personal attention to all orders, and fill them promptly at reasonable prices. Any book published, new or old, sent free of postage on receipt of the price. Information concerning subscriptions or books cheerfully given. Holiday Gift Books, Annuals for 1857, a fine assortment at low prices. Address A. WILLIAMS & CO., Agents for Harper & Brother's Publications, 100 Washington Street, Boston.

Asthma.

It is useless to describe the tortures of Spasmodic Asthma. Those who have suffered from its distressing paroxysms know full well what it is.

JONAS WHITCOMB'S REMEDY, Prepared by JOSEPH BURNETT, No. 41 Tremont Street, Boston, has seldom failed to afford immediate relief, even in the most severe cases, and frequently it has effected a permanent cure. For sale by all Druggists. Price $1,00.

$2,000 a Year!!!

Business honorable—*Salary sure!* To secure a chance, address immediately, enclosing postage stamps, METROPOLITAN AGENCY OFFICE, Haverhill, Mass.

J. Russell Spalding's Rosemary.

1,000,000 BOTTLES SOLD!—This great and popular preparation is decidedly one of the nicest and best articles in the world for the HAIR! It imparts a richness and brilliancy, cleans, ornaments, invigorates, embellishes, removes dandruff, relieves headache, and has probably been used for restoring and preventing the falling off of the hair, with as much success as any article ever known. It has stood the test of time and use, and all can rely upon it. Sole Proprietor, J. RUSSELL SPALDING, Manufacturing Chemist, 27 Tremont street, opposite the Museum, Boston, Mass. The fac-simile of his signature is on every bottle of the genuine. Sold by dealers generally.

Fancy Goods and Toys.

We advise all purchasers of Rich Fancy Goods, or any description of Toys, to call at HOLDEN, CUTTER & CO'S, 15 and 17 Kilby-street, Boston—one of the most extensive French and German importing houses in the United States, having a house in England, Paris and Germany. They are Agents for Sanderson & Laforgue's celebrated Fire Works.

Worthy of Confidence.

VEGETABLE PULMONARY BALSAM, for COUGHS COLDS and CONSUMPTION.

The late Rev. Dr. Leonard Woods Abbott, Professor of Theology in Andover, Mass., says—"From a long use of the *Vegetable Pulmonary Balsam* in my family circle, and in some instances among Theological Students, I have been led to regard it as a safe and efficacious medicine." BANGOR DAILY WHIG AND COURIER.

TELEGRAPHIC

TO THE DAILY, WHIG AND COURIER

LATER FROM CALIFORNIA.

ARRIVAL OF THE

STEAMER ILLINOIS

AT NEW YORK.

New York, Nov. 29th.

The steamer Illinois arrived this morning at 9 o'clock from Aspinwall, with California dates of the 5th inst. She brings nearly 2,000,000 in treasure.

California has gone for Buchanan. The returns received up to 2 o'clock on that day, foot up—Buchanan 11,000; Fillmore 9,000; Fremont 7000. There is nothing definite concerning the Legislature. Nearly full returns from San Francisco give Buchanan 100 over Fremont and the latter nearly 2,700 over Fillmore. The Republican Legislative ticket prevailed in San Francisco Co., though Buchanan will probably have 150 majority there. The vote in the City was much less than that at the State Election last year. This is attributed to the unavoidable absence of several working politicians. The election passed off quietly.

Advices were received by telegraph on the day of the steamer's sailing, that a fire was raging in Sacramento, in the National Theatre Block.

D. L. Wells, Republican candidate for Mayor of Amador County, was killed on the 2nd, by being thrown from a carriage.

Gen. Crosby had a fight with a party of Indians on the Klamath River, killing several.—Another party attacked the whites near Bald Mountain, killing many.

Chesterand Sprague, professed Agents of the Union Insurance Company, had absconded from San Francisco, after swindling the citizens.

Advices from Oregon, Washington and the Sandwich Islands, are unimportant.

Nathan P. Cook came passenger in the Illinois. He is a delegate to Washington from the inhabitants of the Gadsden purchase, who have taken steps for forming a Territorial Government, under the name of Arizona.

Dates from the Isthmus are of Nov. 20th.—Advices there from Costa Rica to Oct. 30th, state that Congress had voted $75,000 for the campaign against Gen. Walker, and had also purchased the American brig Dover, to convert into a war vessel.

The Chilian Government had offered assistance to Costa Rica, and Commissioners had left the latter country on a special mission to Peru and Chili.

Eight hundred San Salvadorians were embarking at Realejo, Oct. 21st, and eight vessels were waiting at La Union for 2000 Guatemala troops, under Carrera.

A Postal Convention had been concluded between Great Britain and New Granada.

Commodore Merwin continues to furnish an escort to protect the California passengers, on their arrival and departure.

The steamer Thames arrived at Aspinwall on the 7th Nov., from Greytown.

Everything quiet at Nicaragua. Walker had troops posted at San Carlos, Zapatiqua, and other points. He had just received 450 recruits, well provided with arms, ammunition and provisions.

Markets.—With but few arrivals, the quantity of merchandise on hand is still too great for the market, and prices are lower with moderate sales for the interior. Provisions are in fair demand without change in rates.

Aspinwall, Nov. 5th.—The Br. mail steamer Dashes just arrived here from Greytown.—Walker was waiting the receipt of provision and ammunition, which had not reached him at the latest advices. The full conclusion of all class is at Greytown is, that as soon as he has received the supplies and arranged his forces, he will proceed to drive all the allied forces out of the State. The allies were very much divided and quarrelling amongst themselves.

San Francisco, 5th.—The returns thus far foot up—Buchanan 17,300; Fillmore 11,300; Fremont 7,150. Scott and McKibbon, Democratic Congressmen, are probably both elected. It is impossible to decide, as yet upon the complexion of the Legislature. There will be a large number of Fillmore and Fremont men in the Assembly.

P. T. Herbert leaves to-day for Washington. On Monday he challenged Thomas S. King, Editor of the *Evening Bulletin*, for articles commenting on the murder of Keating, which challenge Mr. K. returned, with a contemptuous message. On Tuesday Herbert stood on Montgomery street all day, with a bludgeon, waiting avowedly to attack King. The latter, however brushed past Herbert at 5 o'clock, on his way to dinner, in company with two friends, without any hostile demonstration on the part of our Congressman. Had Herbert assaulted Mr. King, he would have adorned a lamp-post ten minutes thereafter.

Stockton, (Cal.) Oct. 27th.—A fight occurred near Ho ...nd Spring, on the Sonora road, about 6 miles from this City, last Saturday, at noon, between two parties of Chinese. There was no general engagement, but several skirmishes took place, in which four men were killed and as many wounded. There were about 2500 combatants engaged on both sides, all armed and equipped. Many had fire-arms. A stop was put to the hostilities by a Sheriff's posse, assisted by citizens. Some 250 arrests were made.

The San Francisco *Bulletin* of the evening of the departure of the steamer, says—"It is impossible to give a correct return of the State in time for the sailing of the steamer. Sufficient, however, has been ascertained to give the State to Buchanan by at least 8000. The Democrats will have a majority in the Legislature. The People's reform ticket has been carried in this County by an overwhelming majority. Our County Legislature ticket will in all probability be Republican. The County Electoral vote is for Buchanan."

Aspinwall, 18th.—The news from the interior respecting the issue between the British Minister and the New-Granadian Government, upon the McIntosh debt, has caused considerable excitement. There are now in our harbor two of H. B. M. ships of war, awaiting orders from home, although the Admiral of the fleet in the West Indies is understood to have received instructions to enforce the demands of Minister Griffin respecting the aforesaid matter.

Loss of Steamer Golden Gate.

Erie, Nov. 29.

The steamer Golden Gate, running between Detroit and Dunkirk, went ashore on the Bar this morning, while endeavoring to enter this port during a heavy snow storm, and while a terrific gale of wind was blowing. She soon parted in the middle and went to pieces. It was impossible for a life boat to reach her.—Four persons from her succeeded in gaining the shore, but one of them shortly afterwards died, eight others still remaining on the wreck.

Later.—All those on board the Golden Gate have been saved, with the exception of the one previously reported dead.

Later from Kansas.

Chicago, Nov. 29.

We have Kansas dates to the 21st inst.—Judge Cate had refused a writ of habeas corpus in the case of Hayes, and the pro-slavery men were considerably excited in consequence.

Propeller Manhattan Wrecked.

Cleveland, Nov. 29.

The propeller Manhattan, while attempting to enter this port while the storm was raging this morning, ran on the pier and became a total wreck. She was an old boat, owned here, and was insured for $10,000. No lives were lost.

Political.

Cleveland, Nov. 29.

The following is the official vote of Ohio—For President—Fremont 44,127; Buchanan 36,241; Fillmore 7,444.

[This cannot be the vote of Ohio; it may be that of Iowa.]

Markets.

New York, Nov. 29.

Flour firm. Common to strait State 6,16 a 6,40; Upper Lake 6,35 a 6,65; common to good Ohio extra 6,85 a 7,10; extra Genesee 7,40 a 8,00. Southern firm—mixed to good 6,95 a 7,25; fancy and extra 7,30 a 8,00. Canadian quiet, superfine none; extra 7,00 a 7,75.

Wheat better at the close. Genesee white 1,68 a 1,77; Canadian white 1,70 a 1,74; Illinois red 1,30 for fair. Southern red 1,40 for poor; Upper Lake Chicago spring 1 36; and 1,40 for Milwaukie club.

Corn heavy—mixed 73; white 74 a 75; yellow do.

Pork held higher at the close—mess 18,00; prime 17,50.

Beef firm—Country mess 8,75 a 10,00; prime 6,00 a 7,25; re-packed Chicago 10,50 a 11,25 for old and 1-,00 for new.

Coffee dull.

Sugars firm—Muscovado 8½ a 9½.

Molasses quiet.

KANSAS.—The action of Governor Geary in relation to the re-arrest of Hayes, the murderer of Buffum, created much feeling in the territory. A Lawrence letter of the 17th reports that the Governor had released Hayes on his parole of honor, which was regarded as backing down. A Lawrence letter says:

"Gov. Robinson has returned in fine health and spirits. It is his intention to authorize the convening of the Legislature next January, as provided by the Topeka Constitution. No flinching—no compromise."

Peter Cunningham was once telling before Douglas Jerrold of a strange dish he had just dined upon. "Such a dish! nobody could guess it." He, of course, provoked the query "What was it?" "Calves' tails," said Peter. "Extremes meet," exclaimed Jerrold.

EFFECT OF FASHION.—The ladies' hoops are getting so wide, that it is difficult for them to get into a railroad car, most of the roads being built on the "narrow guage." It will be a little singular if fashion should drive all the travel to the six feet guage.

The Conquest, Capt. Brewer, from St. John N. B., has accomplished the passage from that port to Liverpool, in the unprecedented short passage of 13 days, being the shortest passage on record.

We learn that a man by the name of Dodge belonging to Cutler, while putting a fender over the side of the sloop Lady Adams, Capt. Wells, lying at Calais, fell into the water, and in spite of every exertion made for his recovery, was drowned.—*Eastport Sentinel.*

The Herald of Freedom, of which the types and presses were destroyed at the sack of Lawrence, has been revived by means of contributions collected by Mrs. Brown, who, while her husband was in prison, exerted herself to obtain them.

"Sammy dear, I've not seen your book for several days—where is it?" "I know where it is." "Well, where?" "Why, it's only lost a little—kinder—in the brain, or round out doors, summers, I guess, perhaps up garret, or behind the wood-pile."

In Eastport, Mr. Norton, butcher, committed suicide by tying his hands behind him, and jumping into a hogshead of water.

Card to the Public

Bickford defines his position

I MUST TELL my numerous friends, the good humored public, that my arrangements for the winter season are now completed, by which I am to be daily supplied with abundance of

OYSTERS, FRESH FISH, CHOICE FRUIT

and other articles for the supply of my Stalls at the Market House.

Speaking of OYSTERS—I wish to understood that I furnish them raw, or cooked in any style, cold or hot, at my Eating Room; or to families or parties at any time or any place. If you wish to refresh your friends with a really nice *Oyster Stew* let Bickford know it, and it shall appear upon your table, as if by the enchantment of Aladdin's Lamp. So, too, of the richest PASTRY, in all varieties.

FRESH FISH, in all their varieties, in their season.

FRUITS AND VEGETABLES.

Bickford is devotedly thankful for past favors, and looks hopefully forward to the future. Allow me to say parenthetically, and almost pathetically, that the times are getting rather hard, and therefore it is all important that those who have neglected to pay their little bills should do so at once, for I wish to be on friendly terms with every body.

My Eating Stall at the Market is elegantly supplied, and will be found exceedingly convenient for strangers, gentlemen and ladies, and for those detained from their meals.

Call in—call us out—and all will be well.

Ever and forevermore,

nov17 THOMAS BICKFORD.

oct13, 1856.

Boomage Notice.

THE Directors of the Penobscot Lumbering Association have directed the Treasurer to pay the over-assessment of eight cents per thousand on the logs rafted in 1855, in cash when it is less than fifty dollars, and in scrip on two years when greater; provided each individual first pays all sums due by him to the Association. As in most cases the balance will be in favor of the individual, the Treasurer hopes to receive early calls.

Fare on Deck, 1 00

Freight forwarded daily over the P. & K. and P. & K. Railroads to Bangor and all way stations

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families, and travelers are reminded that by taking this line much saving of time and expense will be made and that the inconvenience of arriving in Boston at late hours of the night will be avoided

The Boats arrive in season for the passengers to take the earliest trains from the city

The Company are not responsible for baggage to any amount exceeding $50 in value and that personal unless notice is given and paid for at the rate of one passenger for every $500 additional value

mar 14 tf L. BILLINGS, Agent.

California Steamers,

Carrying the United States Mail

5th and 20th of each Month

Greatly Reduced Prices 50 lbs Baggage Free

Through Tickets are using transit of the Isthmus, via Panama R. R.

By order of the Postmaster General the United States Mail Steam ships will hereafter be despatched from New York direct to Aspinwall on the 5th and 20th of each month

Passengers are landed at the Railroad Depot Aspinwall and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving certain Through Tickets including meals on the Isthmus

The transit is made in *four hours entirely by daylight* thus avoiding the great exposure of a night in open boats to fever and ague and 200 miles of dangerous lake and river navigation over rocks and shoals

Arrangements have now been completed so that the regular U S Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure and short* passage with no detention on the Isthmus

Tickets must be signed by one of the Company's *Agents before they will be received by the Agent at Panama* and tickets thus signed can be obtained of the authorized Agent for the Atlantic and Pacific Mail Steamship Companies, in this city C L BARTLETT Agent,

Cheap & Convenient Building.

Door, Sash and Blind Factory,

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames Doors Window Frames and Sashes and Blinds for good dwelling houses and other buildings to be erected in this city the coming season. He has excellent workmen in his employ and has superior stock on hand, and is now able to supply to those about to build the best articles of Door Frames Window Frames, Sashes and Blinds made to any dimensions and of a superior quality either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure

This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling house, while the work is of a uniform excellent quality

Any one interested can examine specimens of the work at the factory near the Rose Place, or at the store of M S Jackson, on Exchange st, and at either place any article may be obtained or large quantities ordered

Mr Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice

By long experience, and by determined perseverance the subscriber is now enabled to suit his customers, both in quality and price and so well organized is the business that no man should now think of building in the old and slow and imperfect method

PROFESSOR WOOD'S

HAIR RESTORATIVE.

It has Worked Miracles!

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color so far as the facts are concerned does not admit of doubt. Besides it will cure every possible disease of the scalp, whether developed as dandruff itching or in the shape of cutaneous eruptions—even scald head—and in no possible case will it fail of curing, as if by magic, nervous or periodical Head ache and if used twice a week by the young regularly it will preserve the color, and keep the hair from falling to any imaginable age Read and judge

Milwaukee Wisconsin Co Mass Nov 18

PROF O J WOOD—Dear Sir — I take pleasure in bearing voluntary testimony to the magic effect of your wonderful Hair Restorative. As far back as 18 I had commenced falling off until the top of my head became bald and smooth as glass and it has continued to fall for many years notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement I was induced to give your article a trial, and to my utter astonishment I found after a few applications the my hair became firmly set and assumed a glossy and beautiful appearance and by the time I had used a quart bottle my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches and a half in length and growing fast

Yours truly

HENRY GOODRICH

Gents —Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been would induce me to give this public acknowledgment of the benefit I have received from Prof Wood's Hair Restorative. When I first commenced using it my hair was quite gray and in spots entirely bald. I have now used the Restorative about five months and my hair has entirely changed to its original color of brown and the new hair is over three inches in length and the bald spots I have are all covered with hair. In fact my hair is long and lustrous as it was when I was young and it has ceased to come out and finely

Respectfully yours &c

MRS R A STODDARD

From Mrs Ingalls a well known nurse in Boston

Boston Oct 19 1855

Gents —At your request, and being so highly pleased with the effect of the Restorative I am free to state that my hair had become quite thin and entirely white. I have for the last five years been in the habit of using dye, but sharing of the ex... all any effects of this article I was induced to try it. My hair has been restored to its original thickness, and also to its former color which is a light brown.

Yours respectfully

MRS INGALLS

The following is from the Pastor of the Orthodox Church, Brookfield

Brookfield Mass Jan 12 1855

Prof Wood —Dear Sir—Having made trial of your Hair Restorative it gives me pleasure to say that its effect has been excellent in removing inflammation dandruff and a constant tendency to itching, with which I have been troubled from my childhood and has also restored my hair which was becoming gray to its original color. I have used no other article with anything like the same pleasure and profit.

Yours truly,

J K BRAGG

(From the Jersey City Telegraph.)

WHAT IS IT FOR—This Wood's Hair Restorative?—is a question asked daily by hundreds. We answer without fear of contradiction that it is the only article known which will in all cases restore grey hair to its original color! It is not a hair dye, but a speedy and effectual restorative.

SPECIFIC

Homœopathic Medicines,

FOR

Families, Travelers, and others

THESE Medicines have been carefully prepared with a view of supplying families and others with *Specific Remedies* against all the more common diseases which occur in every day life. The list includes not only remedies for all the more common diseases, such as Coughs Colds, Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhœa &c, but also for those more sudden and violent diseases which require to be met by the appropriate treatment, such as Cramp, Cholera, Dysentery, Inflammation &c, for whose treatment it is very important always to have the proper remedies on hand. The cure also remedies for the more delicate Female derangements which a lady finds it so difficult to disclose but yet a freedom from which contributes so much to the happiness and enjoyment of life

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose and put up in boxes properly labelled. Each box contains 30 or 40 Pellets, and 15 boxes, for the different kinds are enclosed in a case, accompanied with a Manual or Book of Directions giving a concise description of the diseases treated and directions for giving the medicines, diet, &c, necessary to cure. Cases, also containing four or six of the small boxes are put up which may be supplied with any of the different kinds at the option of the purchaser

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache diarrhœa or fever, and much care, study and discrimination is required to select the proper one. But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit. It is evident without that labor and study which no business man is so illy able to bestow, and without that research and examination which, to the mother, nurse or invalid, is so perplexing, annoying, and unsatisfactory. The advantages are so obvious as to commend them to all

Prepared by Dr F. HUMPHREY, Auburn N Y, and sold by C. B. WALKER, Agent for Maine, at 84 Main street.

Bangor, June 19, 1856 d6m aweow

1,000,000 BOTTLES SOLD!

Entered according to Act of Congress in the year 1853 by J R SPALDING in the Clerk's Office of the District Court of Massachusetts.

J. RUSSELL SPALDING'S

ROSE MARY

This elegant and popular preparation is decidedly one of the best and best article in the world for the HAIR

It imparts a richness and brilliancy, cleans, ornaments, invigorates and embellishes, removes dandruff, relieves headache and is probably ... been used for restoring and preventing the fall of ... hair with as much success as any article ever known. It has stood the test of time and can be relied upon.

Sole Proprietor J. Russell Spalding Manufacturing Chemist, Principal Depot 27 Tremont st, opposite the Museum, Boston Mass, where all orders should be addressed. The fac-simile of his signature is on every bottle of the genuine

AYER'S Cathartic Pills

(SUGAR COATED)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects and judge of their Virtues

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

Pittsburg Pa, May 1 1855

Dr J C AYER Sir I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once. If they will cure others as they do me the fact is worth knowing.

Yours with great respect, ED W PREBLE

Clerk of Steamer Clarion

Billious Disorders and Liver Complaints

Department of the Interior, Washington D C 7 Feb, 1856

Sir I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided consequently they are an admirable remedy for derangements of that organ. Indeed I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours ALONZO BALL M D

Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

Post Office Hartland, Liv Co Mich, Nov 15, 1855

Dr. Ayer Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors bills, and lost much time without being cured entirely even then. Such a medicine as yours which is actually good and honest will be prized here.

GEO J GRIFFIN *Postmaster*

Indigestion and Impurity of the Blood.

From Rev J V Himes Pastor of Advent Church Boston

Dr Ayer I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known and I can confidently recommend them to my friends.

Yours, J V HIMES

Warsaw Wyoming Co N Y Oct 24 1855

Dear Sir I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G MEACHAM, M D

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St Louis Feb 4 1856

Dr Ayer Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured she also tried your Pills, and they have cured her.

ASA MORGRIDGE

Rheumatism, Neuralgia, and Gout.

From the Rev Dr Hawkes of the Methodist Epis Church

Pulaski House Savannah Ga Jan 6 1856

Honored Sir I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians the disease grew worse and worse, until by the advice of your excellent agent in Baltimore Dr Mackenzie I tried your Pills. Their effects were slow but sure. By persevering in the use of them I am now entirely well.

Senate Chamber Baton Rouge La 5 Dec 1855

Dr Ayer I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation and even Deafness, and Partial Blindness have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS COLDS HOARSENESS, INFLUENZA BRONCHITIS WHOOPING COUGH CROUP ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

Singer's Sewing Machines,

THESE celebrated machines are in practical and profitable use in all parts of the civilized world in all the various trades and in sewing every sort of fabric either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong durable and complete in contrivance and workmanship. A perfect Sewing Machine kept employed affords a clear profit of $1000 a year; but an imperfect one is a cause of constant vexation and loss. The entire reliability of our machines is one great reason for the unparalleled popularity

MACHINES FOR FAMILY SEWING of a frail and delicate construction are recommended by other manufacturers. Such machines are made to catch the eye but not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which I have proved best for all other purposes must be best for family use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work

New machines, of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make or for operative machines of other manufacturers. Local agents wanted to sell our machines

N B—All persons desiring full information about sewing machines can obtain it by applying for a copy of I M Singer & Co's Gazette, a paper devoted entirely to the subject. It will be sent gratis

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR

From the worst Scrofula down to a common Pimple

He has tried it in over 1100 cases and never failed except in two cases (both thunder humor) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will clear the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst case of Erysipelas

One to two bottles are warranted to cure all humor in the eyes

Two bottles are warranted to cure running of the ears and blotches among the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruption of the skin

Two to three bottles are warranted to cure the worst cases of ringworm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure the salt rheum

Five to eight bottles will cure the worst cases of scrofula

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken

Reader I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire so sure will this cure humor. I never sold a bottle of it but that sold another, after a trial it always speaks for itself. There are two things about this herb that appear to me surprising: first that it grows in our pastures, in some places quite plentifully, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery I will state that in April 1853 I peddled it, and sold about six bottles per day—in April 1854 I sold over one thousand bottles per day of it

Some of the wholesale Druggists who have been in business twenty and thirty years say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver Sick Headache Dyspepsia Asthma Fever and Ague Pain in the Side Diseases of the Spine, and particularly in Diseases of the Kidneys, &c the discovery has done more good than any medicine ever known

No change of diet ever necessary—eat the best you can get and enough of it

Directions for use—Adult one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take enough to operate on the bowels twice a day

Manufactured by DONALD KENNEDY, No 120 Warren st, Roxbury, Mass. Price $1 00. Wholesale Agents for the United States and British Provinces should be addressed. Sold by all Druggists throughout the United States and British Provinces

PRICE $1.00.
